Dear Parents/Guardians:

HIV/AIDS, other sexually transmitted diseases (STD), and unintended teen pregnancy are very serious health problems today. As part of our advisory curriculum we will be covering topics that address these issues.

There are both classroom lessons and computer lessons. These lessons are designed to give students information on puberty, life skills and healthy decision making. During the class, students will learn and practice ways to resist pressure to drink alcohol, use drugs and have sex. Students will also learn about healthy relationships and personal limits. The lessons emphasize that choosing not to have sex is the safest choice. The unit also covers ways for teens to protect themselves and reduce their risk of getting pregnant or an STD.

Please contact _____ to arrange a preview time and answer any questions you may have about the program.

If you **do not** want your daughter/son to participate in the lessons, please sign the form below, and return it to your child's teacher as soon as possible so that we can arrange an alternative learning activity for your child. If we do not hear from you by: _____, we will assume that you approve of your child's participation in the unit.

Sincerely,

School Leader

Please excuse my daughter/son, _____, from the health unit mentioned above.

I understand that she/he will participate in another appropriate learning activity during the unit.
